The submission of a proposal shall constitute an acknowledgment upon which City of Longview may rely that the Proposer has thoroughly examined and is familiar with the solicitation, and has reviewed and inspected all applicable statutes, regulations, ordinances and resolutions addressing or relating to the goods and services to be provided hereunder. The failure or neglect of a Proposer to receive or examine such documents, statutes, regulations, ordinances, or resolutions shall in no way relieve the Proposer from any obligations with respect to its Proposal or to any Contract awarded pursuant to this RFP. No claim for additional compensation that is based on lack of knowledge or misunderstanding of this RFP, work sites, statutes, regulations, ordinances, or resolutions, will be allowed.

1-12 Cost of Submitting Proposal

1-16 Compliance with RFP Terms and Attachments

City of Longview intends to award a Contract based on the terms, conditions, and attachments contained in this RFP. Proposers are strongly advised to not take any exceptions. Proposers shall submit proposals, which respond to the requirements of the RFP. An exception is not a response to a RFP requirement. If an exception is taken, a "Notice of Exception" must be submitted with the proposal. The "Notice of Exception" must identify the specific point or points of exception and provide an alternative.

Proposers are cautioned that exceptions to the terms, conditions, and attachments may result in rejection of the proposal.

City of Longview may, at its sole discretion, determine that a proposal with a Notice of Exception merits evaluation. A proposal with a Notice of Exception not immediately rejected may be evaluated, but its competitive scoring may be reduced to reflect the importance of the exception. Evaluation and negotiation will only continue with the Proposer if City of Longview determines that a Contract in the best interest of City of Longview may be achieved.

City of Longview reserves the right to accept or reject, in part or in whole, any or all proposals for any or all products and/or services covered in this request and to and waive informalities, defects or irregularities and to accept such proposal as it deems in the best interest of the City of Longview.

1-20 Exclusionary or Discriminatory Specifications

City of Longview agrees that it will comply with the requirements of 49 U.S.C. Section 5323(h) (2) by refraining from using any federal assistance awarded by the Federal Transit Administration (FTA) to support procurements using exclusionary or discriminatory specifications. City of Longview further agrees to refrain from using State or local geographic preferences, except those expressly mandated or encouraged by federal statute.

1-21 Protests by Proposers

City of Longview will hear and consider a bona fide protest regarding its procurement actions in accordance with the following procedures. City of Longview intends to provide a thorough review of all bona fide RFP protests. City of Longview's primary concern, however, is the timely procurement of needed services. It does not intend to allow the filing of protests to unnecessarily delay the procurement process, especially if the protest involved is vexatious or frivolous in nature. Before filing a formal protest, Proposers are encouraged to first exhaust all alternative methods of resolving the procurement issue by contacting City of Longview informally.

Any Proposer may file a protest with the City of Longview on the basis that the City of Longview has failed to comply with applicable federal or state law or with any material terms of the RFP. The protest must include:

1. The name and address of the protesting party.
2. Identification of the Contract solicitation and/or number.
3. A statement of the grounds for the protest, and in particular the federal or state law or material terms of the RFP alleged to have been violated. This statement should be accompanied by any supporting documentation that the protesting party desires City of Longview to consider in making its decision.
4. All protest documents should be submitted to City of Longview Purchasing Manager, P.O.

Box 1952, Longview, Texas 75606. Physical address: 300 W. Cotton St., Longview, Texas 75601

Any protest regarding the solicitation by City of Longview must be filed no later than end of business on February 24, 2017. Any protest filed after that date which raises issues regarding the solicitation will not be considered by City of Longview. This type of protest would include, among others, any claim that the solicitation contained exclusionary or discriminatory specifications or conditions, any challenge to the basis of award, any claim that the solicitation documents or the solicitation process violated applicable federal or state law, or any claim that City of Longview failed to follow the material terms of the solicitation process in the RFP.

The evaluation process, and all evaluation materials associated with this process, shall be considered confidential until final award of the Contract is made. Therefore, any protest regarding the evaluation of proposals and/or award of the Contract must be filed with City of Longview no later than five (5) days after the date of Contract award. Any protest filed after such date which raises issues regarding the RFP evaluation or award of the Contract will not be considered by City of Longview. This type of protest would include, among others, any challenge to determinations by City of Longview of the responsiveness of a proposal or the responsibility of a Proposer, any claim that the evaluation of proposals violated federal or state law or the material terms of the RFP, or any claim that the party awarded the Contract fraudulently represented itself as a responsible bidder.

City of Longview will not consider any protest which is insufficiently supported, does not include the aforementioned required information, or is not received within the specified time limits.

1-22 City of Longview Protest Procedures

City of Longview will notify the protesting party upon timely receipt of a protest and may, where appropriate, request additional information and/or documents from the protesting party. City of Longview may, in its discretion, meet with the protesting party to review the matters raised by the protest. The City of Longview shall appoint a Protest Review Committee to hear and review all protests under this RFP. The Protest Review Committee, in its discretion, may hold a formal meeting with the protesting party to allow the protesting party to further detail and explain its protest and its claimed support thereof.

Upon receipt of a timely filed protest regarding the solicitation, City of Longview may, in its discretion, postpone the RFP process until resolution of the protest. If the protest regarding the solicitation involves a claim of unduly restrictive or exclusionary specifications or conditions, City of Longview will, in evaluating the protest, consider both the specific need of the City of Longview for the feature or item challenged and whether competition is negatively impacted by including the specification or condition regarding the feature or item. If the City of Longview determines that such feature or item was included in the specification or condition in order to meet the justified and valid transit needs of the City of Longview and was not unduly restrictive of competition or designed to exclude a particular competitor, then the City of Longview will have grounds to deny the protest.

Upon receipt of a timely filed protest regarding the evaluation of proposals, submitted in response to the RFP, City of Longview may, in its discretion, issue a stop work order, if necessary, until a resolution of the protest, if City of Longview determines that the protesting party has established that there is substantial evidence that there are doubts regarding the responsiveness of a proposal, the responsibility of a Proposer, or the City of Longview compliance with federal or state law or the material terms of the RFP.

City of Longview may, in its discretion, suspend the procurement process upon receipt of a bona fide protest. However, City of Longview reserves the right, notwithstanding the pendency of a protest, to proceed with the appropriate action in the procurement process or under the Contract in the following cases:

1. Where the item or services to be procured are urgently required;
2. Where the City of Longview determines that the protest was vexatious or frivolous; and/or
3. Where delivery of services/goods or performance will be unduly delayed, or other undue harm will occur, by failure to make the award promptly.

After review of a protest submitted under this section, City of Longview will issue a written decision on the basis of the information provided by the protesting party, the result of any meetings with the protesting party, and City of Longview's own investigation. If the protest is upheld, City of Longview will take appropriate action to correct the procurement process and protect the rights of the protesting party, which may include re-solicitation of proposals, revised evaluation of proposals or City of Longview determinations, or termination of the Contract. If the protest is denied, City of Longview will lift any suspension imposed and proceed with the procurement process for the Contract, as the case may be.

Decisions by City of Longview on protests are final, unless found by a court of competent jurisdiction to have been fraudulent, capricious, arbitrary, so grossly erroneous as necessarily to imply bad faith, or against the manifest weight of the evidence. No further appeals will be heard by the City of Longview.

The availability of review of protests by the FTA is described in Section 1-24 below. As noted in that section, under FTA's revised procurement guidelines, the role of the federal government in protest review is quite limited.

1-23 FTA Protest Procedure

Under Circular 4220.1F, the FTA has substantially limited its review of protests recognizing that most protest issues are best resolved at the state or local level. The FTA will now only accept protests alleging that City of Longview failed to have written protest procedures, or City of Longview violated its own protest procedures.

If a protest is brought before the FTA on either of these allegations, the only remedy recognized by the FTA under Circular 4220.1F is to require City of Longview to follow its own protest procedures. The FTA does not have the right to change City of Longview's substantive decision by substituting the FTA's judgment for that of City of Longview. Any protest to the FTA must be filed in accordance with requirements contained in FTA Circular 4220.1F and may only be made by an "interested party" with the FTA has defined as "an actual or prospective bidder or offeror whose direct economic interests would be affected by the award of the Contract or by failure to award the Contract or by failure to award the Contract."

No protest may be filed with the FTA if such protest is not received by the FTA within five (5) business days after a final decision under City of Longview's protest procedure.

Any alleged violation of a specified federal requirement that provides an applicable complaint procedure shall be submitted according thereto. Such federal requirements may include the Buy America Requirements (40 C.F.R. Part 661, Section 661.15) and the requirements under the Participation of Minority Business Enterprises in Department of Transportation Program (49 C.F.R. Section 26.107).

1-24 Proposal Alternatives

Proposals shall address all requirements identified in this solicitation. In addition, City of Longview may consider proposal alternatives submitted by Proposers that provide enhancements beyond the RFP requirements. Proposal alternatives may be considered, if deemed to be in City of Longview's best interests. Proposal alternatives must be clearly identified.

1-25 Disadvantaged Business Enterprise (DBE) Participation

Longview Metropolitan Planning Organization and the City of Longview have established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. Longview Metropolitan Planning Organization and the City of Longview have received Federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, Longview Metropolitan Planning Organization and the City of Longview have signed an assurance that they will comply with 49 CFR Part 26.

It is the policy of Longview Metropolitan Planning Organization and the City of Longview to ensure that DBEs, as defined in Part 26, have an equal opportunity to receive and participate in DOT-assisted contracts. It is also our policy:

1. To ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for DOT-assisted contracts;
3. To ensure that the DBE Program is narrowly tailored in accordance with applicable law;
4. To ensure that only contractors that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs;
5. To help remove barriers to the participation of DBEs in DOT-assisted contracts;
6. To assist the development of firms that can compete successfully in the marketplace outside the DBE Program.
7. To require the prime contractor, if subcontracts are let, to take actions as required by 49 CFR Part 26.

Additionally, Proposers will comply with the Longview Metropolitan Planning Organization's DBE policy requirements if subcontractors are hired during the performance of the services.

- a) Placing qualified small and minority businesses, and Women Business Enterprises on the solicitation list;
- b) Assuring that small and minority businesses, and Women Business Enterprises are solicited whenever they are potential sources;
- c) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and Women Business Enterprises;
- d) Establishing delivery schedules, where requirements permits, which encourages participation by small and minority businesses, and Women Business Enterprises, and
- e) Using service and assistance of the Small Business Administration and the Minority Business Development Agency of the U.S. Department of Commerce.

1-26 Longview MPO Required Certifications and Regulations

Proposers will comply with all federal, state and local laws, statutes, ordinances, rules and regulations, and the orders and decrees of any courts or administrative bodies or tribunals in any matter affecting the performance of this project, including without limitation workers' compensation laws, minimum and maximum salary and wage statutes and regulations, nondiscrimination laws and regulations, and licensing laws and regulations. When required, the Proposer shall furnish satisfactory proof of compliance. When requested, the Proposer will be required to sign a Lower Tier Participant Debarment Certification, certifying that the Proposer or any of its principals are not debarred or voluntarily excluded from participation in this service by any federal department or agency. When requested, the Proposer will be required to sign an agreement that it has adopted and does enforce an internal ethics and compliance program which satisfies the requirements of Title 43 of the Texas Administrative Code.

SECTION 2 – SCOPE OF WORK

2-1 Introduction

The Longview Metropolitan Planning Organization (MPO) seeks proposals from qualified proposers for the development of a Bicycle and Pedestrian Plan that will establish a comprehensive pedestrian and bicycle network for transportation and recreational purposes, for the MPO area, while promoting walkability and connectivity in an efficient and safe environment.

The Longview MPO is requesting qualifications from transportation planning and engineering consultants to create the first Bicycle and Pedestrian Plan for the Longview MPO area. The Bicycle and Pedestrian Plan will specify how the plan will be achieved over time and implementation strategies for the proposed policies, prioritized infrastructure improvements and related programs. The plan will reflect current conditions, levels of interest and support, as well as funding potential to accomplish the projects and programs in the plan. The Bicycle and Pedestrian Plan will define policies, plans and programs to help the Longview MPO area become a more walkable and bicycle friendly city while encouraging more people of all ages and abilities across the Longview MPO area to safely walk and ride bicycle more often.

The goal of this scope of work is to ensure that all proposers are fully informed of all project requirements, deliverables and obligations. This document will be used as a portion of a contract for project planning, execution; and once approved, will indicate full acceptance of the scope of work.

2-2 Background

The Longview Metropolitan Planning Organization, acting through the City of Longview Development Services Department, is responsible for continuing, comprehensive and cooperative transportation planning in the Longview Metropolitan Area as required by the Fixing America's Surface Transportation (FAST) Act. The Longview MPO is governed by a Transportation Policy Board comprised of elected and non-elected officials from the cities of Longview, White Oak, and Gladewater; and from the counties of Gregg, Harrison and Upshur. The MPO Technical Committee is responsible for professional and technical review and for recommendations to the Policy Board. The Longview MPO is geographically located in the two Texas Department of Transportation's districts; the Tyler and Atlanta districts.

The Longview Metropolitan Planning Organization (MPO) is located in Gregg, Harrison and Upshur counties and includes the cities of Longview, Lakeport, White Oak, Clarksville City, Warren City, Gladewater, Union Grove, Lakeport and East Mountain. The 2010 Longview Urbanized Area had a population of 98,884. In 2014, the Longview Metropolitan Area had a population of approximately 117,000.

Currently, there is a deficit of sidewalks in the cities of Longview, White Oak & Gladewater. This is largely due to city ordinances that have not required developers to construct sidewalks in these communities. The only bike lanes in the MPO area are currently under construction on FM 2275, the George Richey Extension project, between US 259 and SH 300, a new alignment, four-lane, divided roadway with a length of four miles.

The Longview Multimodal Center is located at 906 Pacific Avenue and consists of a city-owned Amtrak train station, a Greyhound bus station, Longview Transit headquarters and a Longview Transit bus stop. Two taxi cab companies, Yellow Checker Cab and Errands for All, currently operate in the greater Longview area.

2-3 Scope of Work

In general, the Bicycle and Pedestrian Plan is envisioned to consist of recommendations for a community-supported comprehensive network of sidewalks, on and off-road pathways, trails and facilities to connect neighborhood users to special generators and key destinations. Improvements that serve regional and city centers, main streets, employment centers, transit center, transit bus stops, the Longview Multimodal Center, schools, social services, retail, medical, entertainment, parks and recreational destinations will be considered. This study will recommend potential connections to existing and future roadways, sidewalks, pathways, trails, parks, open spaces, the Multimodal Center, bus stops and other significant destinations and facilities. In regards to Multimodal Center connections, projects of the plan will create more seamless connections between transit projects and pedestrian and bicycle facilities that will make the overall transportation system stronger and more useful.

This section describes the minimum services and deliverables required to complete the project.

1. Gather and assemble available GIS data. The City of Longview will provide existing Longview GIS shapefiles: parks, trails, sidewalk inventory, bus routes, bus stops, future land use, zoning, along with pedestrian and bicycle accident data.
2. Review, assess and document existing local conditions and issues related to walking and bicycling. Meet with MPO staff, city staff, Longview Transit staff and bus drivers. In the absence of a city's comprehensive plan; meet with the city managers and city staff from the cities of Gladewater, White Oak & Clarksville City. Meet with the public school's staff within the Longview metropolitan area boundary.
3. Perform walking and bicycling audits along high pedestrian and bicycle traffic areas in the cities of Longview, White Oak, Gladewater and other MPO cities where worn paths/vegetation is indicative of pedestrian traffic. Contact elementary, middle and high school campus staff within the Longview Metropolitan Area to determine an estimate of the percentage of their students who walk or bike to school. For school campuses in the MPO planning area, perform walking and bicycling audits at school campuses and surrounding neighborhoods of fifteen (15) campuses who have the highest percentage of students walking.
4. Review of the planning documents listed below. The Bicycle and Pedestrian Plan will be consistent with and will advance the goals and objectives of these adopted documents and plans currently under development. The plan will build upon these existing plans to establish a comprehensive pedestrian and bicycle network for recreational and transportation uses.
 - a. Longview Metropolitan Transportation Plan 2040
 - b. Longview MPO Thoroughfare Plan

5. Identify existing barriers, such as railroads, creeks, etc. and gaps in the pedestrian and bicycle network which will impede connectivity.
6. Provide renditions, “before & after” images of potential pedestrian and bicycle improvements, Complete Streets and Transit Oriented Developments along actual Longview MPO thoroughfares and along off-road trails and when recommended, road diets. Conceptual renditions, maps and other visual aids should be prepared and utilized at all workshops and public meetings.
7. Engaging and involving the public is critical to the development of the Bicycle and Pedestrian Plan. The planning process shall combine face-to-face public meetings with the use of digital tools to enhance community participation. Conduct public involvement utilizing digital citizen surveys, open houses, workshops, social media, on-line public engagement and other public outreach methods to gather citizen input, feedback and gain community support. Community engagement may include, but is not limited to, design, creation and launch of an on-line website with citizen survey, survey equipment (iPad kiosks at public libraries, city halls, etc.), virtual public meeting or open house, interactive techniques during public meetings and other public outreach activities customized to the greater Longview MPO community. Utilize a range of public involvement methods to reach and engage diverse populations to maximize citizen input. The plan will include a documentation of all public involvement activities to describe community engagement.
8. At a minimum, a list of possible meetings, presentations and public involvement is shown below.
 - a. MPO Technical Committee, MPO Policy Board – initial meetings

10. Develop a project prioritization system for pedestrian and bicycle improvements based on multiple factors such as, but not limited to: connectivity to key destinations, potential to improve safety, expected number of users, public support, project readiness and project cost.
11. Determine the suitability and feasibility for urban, as well as, rural pedestrian and bicycle facilities.
 - a. Make recommendations for pedestrian and bicycle facilities to enhance and connect to existing sidewalks, paved trails and dirt bike trails, while promoting walkability & bicycling for both urban and rural settings. In addition, make recommendations to connect off-road trails to neighborhoods. Identify existing roadways recommended for bike lanes which have wide enough lanes to restripe for the use of bike lanes. Consider bike lanes, bike routes and Identify high, medium and low priority corridors and develop priorities and recommendations that include proposed schematics, typical cross sections and cost estimates for bicycle and pedestrian facilities and amenities.
12. Finalize renditions of potential pedestrian and bicycle recommendations and improvements, Complete Streets, Transit Oriented Developments along actual Longview MPO area thoroughfares

and along off-road trails, and when recommended, road diets. Create conceptual renditions, maps and other visual aids.

13. Provide proposed schematics, typical cross sections and cost estimates for proposed Complete Streets in the MPO area and specifically, along Mobberly Ave, S. Green St, portions of Cotton St, and Martin Luther King Jr. Blvd. The system of pedestrian and bicycle network will incorporate three (3) Complete Streets corridors, as identified in the Longview Comprehensive Plan, pages 80 – 83.

Any or all respondents may be invited to make a presentation. If so, the Longview MPO will notify the respondents of the date and time of the presentation. All costs incurred by the respondent in the presentations will be the responsibility of the respondent. After any such presentations, submittals may be evaluated again.

3-6 Competitive Range

The evaluation of proposals may result in reductions of the number of proposals that remain in a competitive range. The competitive range is determined through a preliminary evaluation of proposals, which applies the evaluation criteria as set forth above. The Proposers remaining in the competitive range may be invited to participate in additional evaluations, interviews, Best and Final Offers, or negotiations.

3-7 Negotiations

City of Longview may undertake concurrent negotiations with Proposers determined to be within a competitive range. City of Longview does, however, reserve the right to award a Contract based on the original proposal without any negotiations. The decision to award without negotiation may be made by the City of Longview if, in the opinion of the City of Longview, preliminary evaluation of the proposals received indicates that the best achievable and technically acceptable proposal has been received.

Concurrent negotiations with all Proposers whose proposals are within the competitive range may be conducted by City of Longview. Negotiations may be entered with one (1) or more Proposers to finalize contract terms and conditions. In the event negotiations are not successful, City of Longview may initiate negotiations with another Proposer or other Proposers, or reject all proposals.

Negotiation of a Contract will be in conformance with all applicable federal, state, and local laws, regulations, rules, and procedures. The objective of the negotiations will be to reach agreement on all provisions of the proposed Contract.

3-8 Single Proposal Response

If only one proposal is received in response to the RFP, a detailed cost proposal and analysis of three (3) proposals, if available, awarded to the Proposer within the past two (2) years may be requested of the single Proposer. 3-9 Contract Award

The City of Longview is the fiscal agent for the Longview Metropolitan Planning Organization. Contract award, if any, will be made by the City of Longview's City Council, after the Evaluation Committee's

rankings and recommendations to the Proposer whose proposal meets the requirements of the RFP, and will be most advantageous to the City of Longview with respect the criteria as evaluated. The City of Longview shall have no obligations until a Contract is executed by both the Proposer and the City of Longview.

City of Longview's Purchasing Manager and/or other designated supervisor or agent will notify Contractor of the decision in writing. It is expressly understood and agreed that the Contractor will not be entitled to damages or compensation, and will not be reimbursed for losses, on account of delays resulting from any cause under this provision.

4-4 Contract Changes

Any proposed change in the Contract will be submitted to City of Longview for its prior written approval, and City of Longview will make the agreed upon change(s), if any, by a Contract Amendment. City of Longview may, at any time by written order, and without notice to the sureties, make changes within the general scope of this Contract. No verbal order or other conduct by City of Longview will constitute a Contract Amendment, unless confirmed in writing by City of Longview.

If any such change causes an increase or decrease in the cost or the time required for the performance of any part of the work under this Contract, an equitable adjustment may be made, at the sole discretion of City of Longview, in the Contract price, or delivery schedule, or both, and the Contract will be modified in writing accordingly. Every Contract Amendment may require a cost/price analysis to determine the reasonableness of the proposed change.

Any claim by Contractor for adjustment under this clause must be asserted within fourteen (14) calendar days from the date of receipt by Contractor from City of Longview of the notification of change. The request for equitable adjustment must be in writing and state the general nature and monetary extent of the claim. City of Longview may require additional supporting documents and cost or price analysis to determine the validity of the claim/request. No claim by Contractor for an equitable adjustment hereunder will be allowed, if asserted after final payment under this Contract. No claim will be allowed for any costs incurred more than twenty (20) calendar days before Contractor gives written notice, as required in this section.

If mutually agreed upon, a detailed modification shall be executed in writing by both parties.
- D. Price Adjustment for Regulatory Changes:** If price adjustment is indicated, either upward or downward, it shall be negotiated between City of Longview and Contractor for changes that are mandatory, as a result of legislation or regulations that are promulgated and become effective between the date of proposal opening and the date of contract performance. Such price adjustment may be modified, where required.

4-6 Instructions by Unauthorized Third Persons

In accordance with Subsection 4-4, Contract Changes, of the solicitation, City of Longview or the City of Longview's authorized representative are the only persons authorized to make changes within the general scope of the Contract.

Any instructions, written or oral, given to the Contractor by someone other than City of Longview's authorized representative, which are inconsistent with the Contract, shall not constitute an authorized Contract change. Any action on the part of the Contractor, taken in compliance with such instructions, will not be grounds for subsequent payment or other consideration in compliance with the unauthorized change.

4-7 Cost or Price Analysis

City of Longview reserves the right to conduct a cost or price analysis for any purchase. City of Longview may be required to perform a cost analysis when competition is lacking for any purchase. Sole source procurements, which result in a single proposal being received, will be subject to a cost analysis, which will include the appropriate verification of cost data, the evaluation of specific elements of costs, and the projection of data to determine the effect on proposal prices. City of Longview may require a Pre-Award Audit and potential Contractors shall be prepared to submit data relevant to the proposed work, which will allow City of Longview to sufficiently determine that the proposed price is fair, reasonable, and in accordance with federal, state, and local regulations. Procurements resulting in a single proposal will be treated as a negotiated procurement, and City of Longview reserves the right to negotiate with the single Proposer to achieve a fair and reasonable price. If a negotiated price cannot be agreed upon by both parties, City of Longview reserves the right to reject the single proposal. Contract amendments or modifications will be subject to a cost analysis.

4-8 Termination

A. Termination for Convenience

The City of Longview may terminate this Contract in accordance with this clause in whole, or from time to time, in part, whenever City of Longview shall determine that such termination is in the City of Longview's best interest. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.

After receipt of a Notice of Termination, and except as otherwise directed by City of Longview's representative, the Contractor shall:

5. Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of City of Longview to the extent the City of Longview may require, which approval or ratification shall be final for all the purposes of this clause; and

6. Complete performance of such part of the work as shall not have been terminated by the Notice of Termination, and take such action as may be necessary, or as City of Longview may direct, for the protection or preservation of the property related to this Contract, which is in the possession of Contractor and in which City of Longview has or may acquire an interest. Settlement of claims under this Termination for Convenience clause shall be in accordance with Paragraphs (c) through (m) of the clause contained in the Federal Acquisition Regulation (FAR) Part 52, Subpart 52.249-2, except that wherever the word "Government" or "Contracting Officer" appears, it shall be deleted and the words "City of Longview" shall be substituted in lieu thereof.

B. Termination for Breach or Default

City of Longview may, by written Notice of Default to Contractor, terminate the whole or any part of this Contract, if Contractor fails to perform the services within the time specified herein or any extension thereof; or Contractor breaches any warranty provisions of the Contract; or Contractor fails to perform any of the other provisions of the Contract, or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and does not cure such failure within a period of ten (10) business days (or such longer period as City of Longview may authorize in writing) after receipt of notice from City of Longview specifying such failure.

If the Contract is terminated in whole or in part for default, City of Longview may procure, upon such terms and in such manner as City of Longview may deem appropriate, services similar to those so terminated. Contractor shall be liable to City of Longview for any excess costs for such similar services, and shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.
